PROFESSIONAL OBJECTIVE

Desire to advance my professional career as a family nurse practitioner within a family practice setting.

STRENGTHS

Self-motivated, enthusiastic professional with the knowledge, communication, interpersonal, and medical skills which qualify me for a position as a family nurse practitioner. The following strengths provide me with the ability to excel as a family nurse practitioner:

- **Education:** Extensive education received enables me to provide outstanding healthcare.
 - **Interpersonal Skills:** Proven interpersonal skills enable me to develop and maintain professional relationships with patients, families, physicians, nurses, and other medical staff.
-

EDUCATION

December 2009
May 2003

THE UNIVERSITY OF TENNESSEE-KNOXVILLE

Master's degree in Nursing with a concentration in Family Practice; **Graduate GPA 4.0**
Bachelor of Science in Biochemistry, Cellular, and Molecular Biology

HEALTH CARE RELATED EXPERIENCE

May 2009-June 2009

Worked with nurse practitioner and physicians at Women's Care Group, performing annual screenings, prenatal care, obstetric care, postpartum care, and contraceptive education and counseling.

May 2009-June 2009

Collaborated with nurse practitioner and physicians at Family Practice Associates. Managed patients with chronic and acute problems. Performed minor procedures. Provided obstetric care. Conducted mental health screenings and participated in care plan development. Managed multiple pediatric cases focusing on prevention and anticipatory guidance. Strong emphasis on the importance of obesity prevention and diabetic control. Developed care plans for and treated multiple diabetic patients with multiple health issues.

February 2009-April 2009

Worked with nurse practitioner and physicians at Summit Medical Group at Farragut with an emphasis in Internal Medicine. Independently managed adolescent, adult, & geriatric patients with a strong emphasis in diabetic education and management. Performed minor skin procedures and injections. Conducted wound dressings and education about proper wound management.

March 2008-May 2008

Collaborated care at Peninsula Behavioral Health Psychiatric facility. Performed evaluations and collaborated with other health care providers during team care meetings

January 2008-December 2008

Worked at the University of Tennessee Medical Center. Provided nursing care to postoperative patients and trauma/neurological step down patients. Assisted physicians and performed procedures conducted on the floor. Performed patient education as well as discharge teaching.
