

In order to assist our UT families (faculty and staff), The University of Tennessee Center for Career Development & Academic Exploration will provide a means for posting childcare and tutoring positions on Handshake, our job search platform which is searchable by UT students. The center makes no representations to the caregivers as to the nature of the families other than that they are currently employed by the University of Tennessee. In addition, the center makes no representations to families concerning the nature of students providing services. The UT families and caregivers acknowledge that the University of Tennessee is not responsible for, and will be held harmless against, any injury, loss, or other damage arising from or related in any manner to the UT families' and caregivers' use of Handshake for job postings.

Employees are encouraged not to personally employ students or staff whom they advise, supervise, or instruct per policies FI0125 and HR0122. Families and caregivers may reference this information for considerations around posting and applying for positions.

Be mindful that the Center for Career Development and Academic Exploration can **ONLY** post positions.

Tip 2: *Create a detailed posting.* Before you get started on a posting, be sure to provide the information needed to attract the right talent. Here are some suggestions for information you may want to provide:
